in hyperparathyroid disease, 802
diseases; cleidocranial dysostosis, 797
fibrous dysplasia of jaws, 140 (Abst.)
osteomyelitis, acute, place of surgery in early stages, 139 (Abst.)
syphilitic, of mandible, 284
osteosclerosis of obscure origin, 42 (Roentgeno-Oddities)
healing, human, reticular and collagen fiber characteristics, 785
histopathologic reaction to surgical cutting, 405
of skull, relationship between cranial and facial, *1* (Supp.)
repair in dogs, effects of high-speed rotary instruments, 563
resorption characteristics of bone and bone substitutes, 650
vertical, in periodontal disease, 161
tumors (*See* Tumors)
Bony defects over root apices; perforation of lingual alveolar plate in association with mandibular third molars, 586
Book reviews, 278, 422, 699
Boston University, 136, 560
Graduate School of Dentistry, 281 (Editorial)
Brachycephaly; cleidocranial dysostosis, 797
Brain and face tumors; histologic changes after regional chemotherapy, 823 (Abst.)
Bronx Municipal Hospital Center, 416

C

Calcified tissues, application of laser spectroscopy for qualitative and quantitative analyses of inorganic components of, 102
Cancer (*See also* Carcinoma, Sarcoma)
mucoepidermoid, dehydrogenase activities in, 354
of cervix, cytology in prevention of, 700 (Abst.)
oral, exfoliative cytology in detection, 327, 668
Carcinoma, acinic-cell, of salivary glands, 62
and leukoplakia of hamster buccal pouch, experimentally induced, histochemistry, 207
cervical, detection in general population, 700 (Abst.)
dehydrogenase activities in, 353
early, exfoliative cytology for detection of abnormal oral mucous membranes and, 175
epidermoid, of head and neck, 140 (Abst.)
in situ; erythroplasia of Queyrat of buccal mucous membrane, 308
oral, human, histochemical study, 84
parathyroid; parathyroid disease, 802
squamous-cell, 251
histochemical observation of β-glucuronidase in oral neoplasms, 629
verrucous; Ackerman tumor of buccal mucosa, 677
Cardiac massage, external, 823 (Abst.)
Caribbean Dental Convention, third, 135
Carotid body tumor, 80
Casein, heated; effects of biologically unavailable lysine on growth, 104
Cementoma, 219
Cervix, cancer of, cytology in prevention, 700 (Abst.)
carcinoma of, detection in general population, 700 (Abst.)
Chamberlain-Towne projection, 610
Chicago Periodontal Study Club, 135
Children, endodontic procedures in; utilization of general anesthesia and hospital facilities in surgical endodontics, 779
injuries of anterior teeth in, 422 (B. rev.)
Cleft(s), alveolar, 325 (Roentgeno-Oddities)
of lip and palate; early and late management of protruding premaxilla, 139 (Abst.)
Public Health Service reports on birth defects, 417
palate in Pierre-Robin syndrome, 453
Cleidocranial dysostosis, 797
Collagen and reticular fiber characteristics in human bone healing, 785
Condyle fracture, submandibular approach for open reduction, 152
mandibular, osteochondroma of, 16
Conference on oral and maxillofacial injury, 415, 818
Congress of stomatology, nineteenth, 821
Corticoid and antibiotic agents in treatment of painful pulpitis, 47
Craniofacial and dental complex, deformities of, in H-1 virus modified hamster, 533
skeleton; sphenoid-ethmoid complex, *1* (Supp.)
Cyst(s), dental, inflammation in, 756
dentigerous, 111; 616 (Roentgeno-Oddities)
bilateral, of maxilla, 296
facial pain and edentulous patient, 723
fissural, of palate, 497
large radicular, of mandible in patient with severe hemophilia, conservative treatment, 426
pigmented gingival, 635
primordial, 542
Cystic fibrosis of pancreas, discoloration of teeth in patients with, 366
Cytology, exfoliative; Ackerman tumor of buccal mucosa, 678
for detection of abnormal oral mucous membranes and early carcinoma, 175
oral, technique, 668
role in oral cancer detection, 327
in detection of cervical carcinomas in general population, 700 (Abst.)
in prevention of cancer of cervix, 700 (Abst.)

D

Dehydrogenase, succinic, malic, and lactic, in oral tumors, histochemical observations, 352
Dens in dente, double, in single tooth, 92

Dental (*See also* Teeth)
and craniofacial deformities in H-1 virus modified hamster, 533
and oral radiography, manual of, 699 (B. rev.)
internship at Franklin Boulevard Community Hospital, 821
offices in Jefferson County, Alabama, x-radiation in, 192
practice, frequency of accidental intravascular injection of local anesthetics in, 178
radiography, panoramic, 280 (Abst.)
radiology traineeship at University of Alabama, 418
Dentistry, medical educator looks at, 423 (Editorial)
radiology in general practice, 617 (Radio-Abst.)
Dentition, human, morphology and anatomy, 278 (B. rev.)
Denture stomatitis; amphotericin B in treatment of oral monilial infections, 33
Diagnosis, oral roentgenographic, 278 (B. rev.)
Discoloration of teeth in patients with cystic fibrosis of pancreas, 366
Drug(s), hypersensitivity; thrombocytopenic purpura following quindidine therapy, 401
pharmacologic treatment of painful pulpitis, 47
phenothiazine, neck-face syndrome following use of, 450
Premarin intravenous in oral surgery, 434
Dysostosis, cleidocranial, 797
Dysplasia, fibrous, of jaws, 140 (Abst.)

E

Edentulous patient, facial pain and, 723
Einstein, Albert, College of Medicine, Yeshiva University, 276, 419, 561, 821
postgraduate dental program during New York World's Fair, 419
Emphysema, subcutaneous, postextraction, 271
Endochondral ossification; effects of biologically unavailable lysine (heated casein) on growth, 104
Endodontic materials; response of human dental pulp to various physical and chemical agents, 640
root perforation, correction of, 98
Endodontically treated teeth, roentgenologic and clinical evaluation, 368
Endodontics, 98, 228, 368, 507, 640, 771
research-training fellowship at University of Pennsylvania, 420
surgical, utilization of general anesthesia and hospital facilities, 779
Energy spectrum of x-ray beam, 739
Enzyme activity in oral tumors, 352
histochemical observation of β-glucuronidase in oral neoplasm, 628
patterns of experimentally induced leukoplakia and carcinoma of hamster buccal pouch, 207
histochemistry of ameloblastoma, 235
Epilepsy in tuberous sclerosis, 395
Epinephrine, injection during general anesthesia with halogenated hydrocarbons and cyclopropane in man, 823 (Abst.)
Epithelial disturbances, intraoral, special conference on, to be sponsored by International Academy of Oral Pathology, 696
Erythroplasia of Queyrat of buccal mucous membrane, 308
Eskimos and Indians, Alaskan, occlusal anomalous tubercles on premolars of, 484
Exodontia, 158, 296, 586, 723
Exostosis, polyposis, and soft tissue tumors, multiple, 699 (Abst.)
Extraction (*See* Teeth)

F

Face and brain tumors; histologic changes after regional chemotherapy, 823 (Abst.)
and neck, muscle spasms following use of phenothiazine drugs, 450
bones of; sphenoid-ethmoid complex, *1* (Supp.)
pain and edentulous patient, 723
Fairleigh Dickinson University, 137, 275, 561
Federal dental services, section of, 111, 251, 395, 542, 668, 797
Fibrinogen, reconstituted human, in treatment of hemophilia, 691
Fibroma, ameloblastic, 475
dehydrogenase activities in, 361
histochemical observation of β-glucuronidase in oral neoplasms, 629
solitary neurofibroma of mandible, 1
Fibromatosis, gingival, hereditary, 339
Fibrosis, cystic, of pancreas, discoloration of teeth in patients with, 366
Filling materials, temporary, effect of temperature change on sealing properties, 771
Films, dental, speed and contrast, 326 (Radio-Abst.)
speed, image sharpness as related to, 36
First District Dental Society, 136, 274, 418, 559, 697
Flora, oral microbial, effects of orthodontic appliances, 658
Fracture(s), condylar, submandibular approach for open reduction, 152
versatile Chamberlain-Towne projection, 610
experimentally produced, of zygomatico-maxillary complex, healing of, 701
Franklin Boulevard Community Hospital (Chicago), 821

G

Gardner's syndrome; multiple polyposis, exostosis, and soft tissue tumors, 699 (Abst.)

Gargoylism; oral manifestations of Hurler-Pfaundler and Pierre-Robin syndromes, 453
Genitals, phlebectasia of; significance of oral angiomas, 267
Gingival cysts, pigmented, 635
fibromatosis, hereditary, 339
hypertrophy in Hurler-Pfaundler syndrome, 453
lesions in tuberous sclerosis, 395
wound healing in protein-deprived, antibiotic-supplemented adult rats, 443
Gingivitis in hypervitaminosis A syndrome, 305
Glenoid fossa prosthesis, cast-Vitallium, for correction of mandibular joint arthrosis, 712
Grafts, bone, resorption characteristics of bone and bone substitutes, 650
Granuloma, reparative giant-cell, 142
Growth, effects of biologically unavailable lysine (heated casein), 104

H

H-1 virus modified hamster, deformities of craniofacial and dental complex, 533
Head and neck, epidermoid carcinoma of, 140 (Abst.)
Healing, human bone, reticular and collagen fiber characteristics, 785
of experimentally produced fractures of zygomaticomaxillary complex, 701
of gingival wound in protein-deprived, antibiotic-supplemented adult rats, 443
socket, in young rats, effects of roentgen irradiation of jaws, 206 (Radio-Abst.)
Hemophilia, reconstituted human fibrinogen in treatment, 691
severe, conservative treatment of large radicular cyst of mandible in patient with, 426
Hospital facilities and general anesthesia, utilization in surgical endodontics, 779
Hurler-Pfaundler and Pierre-Robin syndromes, oral manifestations, 453
Hyperkeratosis, benign, progression to squamous-cell carcinoma, 251
Hyperplasia, adrenocortical, congenital, idiopathic sexual precocity, and adrenogenic virilism, dental development in, 474 (Radio-Abst.)
papillary, treatment with triamcinolone acetonide, 604
Hypervitaminosis A, 305
Hypnosis; re-evaluation of audioanalgesia, 319

I

Indians and Eskimos, Alaskan, occlusal anomalous tubercles on premolars of, 484
Inflammation in dental cysts, 756
Injection, accidental intravascular, of local anesthetics in dental practice, 178
Injuries, oral and maxillofacial, Army Dental Corps explores ways of improving treatment, 415, 818, 822
to anterior teeth of children in athletic and transportation accidents, 422 (B. rev.)
Instruments, high-speed; histopathologic reaction of bone to surgical cutting, 405
rotary, effects on bone repair in dogs, 563
International Academy of Oral Pathology to sponsor special conference on intraoral epithelial disturbances, 274, 696
International Association of Oral Surgeons, 696
International Conference on Oral Surgery, second, 696, 822
Irradiation (*See* Radiation)

J

Jaws, fibrous dysplasia, 140 (Abst.)
Jejunum, phlebectasia; significance of oral angiomas, 265
Journal of Implant Dentistry, 562

L

Lactobacillus acidophilus, effects of orthodontic appliances on oral microbial flora, 658
Laser spectroscopy for qualitative and quantitative analyses of inorganic components of calcified tissues, 102
Leiomyoma of oral cavity, 748
Leukemia, chronic lymphatic, suggestive of multiple myeloma, 170
Leukoplakia and carcinoma of hamster buccal pouch, experimentally induced, histochemistry, 207
Lioness, removal of permanent and deciduous teeth, 152
Lip(s), dry and scaly, in hypervitaminosis A, 305
lower, mucoepidermoid tumor, 335
Lipoma of submandibular space, 815
Loma Linda University, 562
Loyola University, 420
Lymphosarcoma, primary, of submaxillary salivary gland, 503
Lysine, biologically unavailable (heated casein), effects on growth, 104

M

Mandible, fractures; Chamberlain-Towne projection, 610
large radicular cyst of, in patient with severe hemophilia, conservative treatment, 426
micrognathia in Pierre-Robin syndrome, 455
osteochondroma of mandibular condyle, 16
primordial cyst in midline, 542
solitary neurofibroma of, 1
Mandibular joint arthrosis corrected by insertion of cast-Vitallium glenoid fossa prosthesis, 712

Maxilla, actinomycosis in relation to periodontal abscess, 299
compound odontoma, 812
Maxillofacial injuries, Army Dental Corps explores ways of improving treatment, 415, 818, 822
Medical College of Virginia, 137
Medicine (*See* Oral medicine)
Mental deficiency in tuberous sclerosis, 395
Mesiodens, erupted, 133
Methoxyflurane, laboratory and clinical study, 185
Microbial flora, oral, effects of orthodontic appliances, 658
Microorganisms in root canals; periapical repair following positive and negative root canal cultures, 507
Midwest Society of Periodontology, 135
Monilial infections, oral, amphotericin B in treatment, 31
Montefiore Hospital (Pittsburgh), 560
Mount Sinai Hospital (New York), 136, 274, 560
anesthesia residency for dentists, 418
Mucosa, buccal, Ackerman tumor, 677
oral, angiomas, 263
tuberculous lesions, 735
Mucous membrane, buccal, erythroplasia of Queyrat, 308
oral, abnormal, and early carcinoma, exfoliative cytology for detection, 175
Myeloma, multiple, 727
chronic lymphatic leukemia suggestive of, 170

N

Neck-face syndrome following use of phenothiazine drugs, 450
Neoplasms, oral, histochemical observation of β-glucuronidase in, 628
Neuralgia, trigeminal, 422 (B. rev.)
Neurofibroma, solitary, of mandible, 1
Nevada's sixth annual cancer seminar, 417
Nevus of oral cavity, 148
New York Institute of Clinical Oral Pathology, Inc., 416, 697
New York State Dental Society of Anesthesiology, 560
New York Tooth Transplant Conference, 559
New York University, 276
Nodule, roentgenopaque subcutaneous, simulating sialolith, 457
Nutritional deprivation and wound healing; healing of gingival wound in protein-deprived, antibiotic-supplemented adult rats, 443

O

Occlusal anomalous tubercles on premolars of Alaskan Eskimos and Indians, 484
Odontoma, ameloblastic, 10
compound, of maxilla, 812
Oral and maxillofacial injury, Army Dental Corps explores ways of improving treatment, 415, 818, 822
Oral—Cont'd
cancer, role of exfoliative cytology in detection, 175, 327, 668
carcinoma, human, histochemical study, 84
cavity, leiomyoma of, 748
nevus, 148
infections, monilial, amphotericin B in treatment, 31
medicine, 22, 170, 305, 450, 604, 727
pathology, American Academy of Oral Pathology, 47, 327, 475
general section, 62, 207, 339, 484, 618, 748
textbook, 278 (B. rev.)
training and research fellowship at University of Manitoba, 277
roentgenographic diagnosis, 278 (B. rev.)
roentgenology, 36, 192, 325, 457, 610, 739
surgery in thrombocytopenic patients, 572
minor, 699 (B. rev.)
operative, 1, 142, 284, 426, 563, 701
oral pathology conferences, Walter Reed Army Medical Center, 111, 251, 542
second International Conference on, 696, 822
use of Premarin intravenous in, 434
Orthodontic appliances, effects on oral microbial flora, 658
Ossification, endochondral; effects of biologically unavailable lysine (heated casein) on growth, 104
Osteoectomy; management of vertical bone resorption in periodontal disease, 166
Osteochondroma of mandibular condyle, 16
Osteoma of tongue, 768
Osteomyelitis, acute, place of surgery in early stages, 139 (Abst.)
syphilitic, of mandible, 284
Osteosclerosis of obscure origin, 42 (Roentgeno-Oddities)

P

Pain, facial, and edentulous patient, 723
postoperative; subjective and objective measurement of responses to third molar impaction surgery, 257
Palate, fissural cysts, 497
Pancreas, cystic fibrosis of, discoloration of teeth in patients with, 366
Panoramic dental radiography, 280 (Abst.)
Papillary hyperplasia, treatment with triamcinolone acetonide, 604
Parathyroid disease, 802
Parotid gland tumors, 139 (Abst.)
Pathology (*See* Oral pathology)
Perforation, endodontic, of root, correction, 98
of lingual alveolar plate in association with mandibular third molars, 586
Periapical areas, roentgenolucent, 460
lesions, clinical, roentgenographic, and histopathologic evaluation, 467
repair following positive and negative root canal cultures, histologic evaluation, 507

Periodontal abscess, actinomycosis of maxilla in relation to, 299
disease, influence on dental pulp, 592
management of vertical bone resorption in, 161
rat virus and, 116
tissue changes induced in young rats by roentgen irradiation of molar regions or head, 46 (Radio-Abst.)
Periodontics, 161, 299, 443, 592
Orban's, 278 (B. rev.)
Peutz-Jeghers syndrome, 331
Phenothiazine drugs, neck-face syndrome following use of, 450
Philadelphia Society of Periodontology, 135, 416
Phlebectasia; significance of oral angiomas, 263
Pierre-Robin and Hurler-Pfaundler syndromes, oral manifestations, 453
Pigmentation, mucocutaneous; Peutz-Jeghers syndrome? 331
Pigmented gingival cysts, 635
Polyoma virus, oral tumors induced by, in mice, 547
Polyposis, exostosis, and soft tissue tumors, multiple, 699 (Abst.)
intestinal, in case of mucocutaneous pigmentation, 331
Premarin intravenous, use in oral surgery, 434
Premaxilla, protruding, early and late management, 139 (Abst.)
Propiomazine as adjunct to local anesthesia for oral surgical procedures, clinical evaluation, 125
Prosthesis, cast-Vitallium glenoid fossa, for correction of mandibular joint arthrosis, 712
Protein deprivation and healing of gingival wound in rats simultaneously given antibiotic supplementation, 443
Pulp, dental, human, response to various physical and chemical agents, 640
influence of periodontal disease, 592
Pulpitis, painful, pharmacologic treatment, 47
Pulpotomy, internal resorption following, 228
Purpura, thrombocytopenic; following quinidine therapy, 401
idiopathic, 22

Q

Quinidine therapy, thrombocytopenic purpura following, 401

R

Radiation control regulations, new, in California, 747 (Radio-Abst.)
effects of roentgen irradiation of jaws on socket healing in young rats, 206 (Radio-Abst.)
periodontal tissue changes induced in young rats by roentgen irradiation of molar regions or head, 46 (Radio-Abst.)
Radio-Abstracts, 46, 206, 326, 474, 617, 747
Radiography, dental, panoramic, 280 (Abst.)
manual of dental and oral, 699 (B. rev.)
Radiology in general dental practice, 617 (Radio-Abst.)
Rat virus and periodontal disease, 116
Reed, Walter, Army Medical Center, oral surgery—oral pathology conferences, 111, 251, 542
Research, 102, 235, 375, 533, 650, 785
Resorption (*See* Bone resorption, Root resorption)
Reticular and collagen fiber characteristics in human bone healing, 785
Rhinoscleroma, 422 (B. rev.)
Roentgen irradiation of molar regions or head, periodontal tissue changes induced in young rats by, 46 (Radio-Abst.)
Roentgenology (*See* Oral roentgenology)
Roentgenolucent periapical areas, 460
Roentgeno-Oddities, 42, 204, 325, 473, 616, 745
Roentgenopaque subcutaneous nodule simulating sialolith, 457
Root canal cultures, positive and negative, histologic evaluation of periapical repair following, 507
double, in upper deciduous canine, 364
perforation, endodontic, correction of, 98
resorption following surgical positioning of maxillary canines, 289
idiopathic, progressive, 745 (Roentgeno-Oddities)
in association with dentigerous cyst, 111
internal, postpulpotomy type, 228
of obscure origin, 43 (Roentgeno-Oddities)

S

Salivary glands, acinic-cell carcinoma, 62
minor, sialolithiasis, 225
parotid gland tumors, 139 (Abst.)
submandibular space, lipoma of, 815
submaxillary, primary lymphosarcoma of, 503
Sarcoma; primary lymphosarcoma of submaxillary salivary gland, 503
Scintillation spectrometry; quality of x-ray beam, 739
Sclerosis, tuberous, with oral manifestations, 395
Sealing properties of temporary filling materials, effect of temperature change, 771
Sexual precocity, idiopathic, congenital adrenocortical hyperplasia, and adrenogenic virilism, dental development in, 474 (Radio-Abst.)
Sialolith, roentgenopaque subcutaneous nodule simulating, 457
Sialolithiasis, minor salivary gland, 225
Sinus(es), auricular, 75
maxillary, effusion caused by retained third molar; facial pain and edentulous patient, 723

Skeletal abnormalities associated with hereditary gingival fibromatosis, 339
cleidocranial dysostosis, 797
Skull, relationship between cranial and facial bones; sphenoid-ethmoid complex, *1* (Supp.)
Society for Jaw and Facial Surgery, 696
Socket healing, effects of roentgen irradiation of jaws on, in young rats, 206 (Radio-Abst.)
Spectroscopy, laser, for qualitative and quantitative analyses of inorganic components of calcified tissues, 102
Sphenoid-ethmoid complex, *1* (Supp.)
Splenomegaly associated with hereditary gingival fibromatosis, 339
Stomatitis; amphotericin B in treatment of oral monilial infections, 31
Stomatology, nineteenth Congress of, 821
Submaxillary space, lipoma, 815
Surgery (*See also* Oral Surgery)
in early stages of acute osteomyelitis, 139 (Abst.)
third molar impaction, subjective and objective measurement of responses, 257
Surgical cutting, histopathologic reaction of bone, 405
endodontics, utilization of general anesthesia and hospital facilities, 779
positioning of maxillary canines, 289
Syphilitic osteomyelitis of mandible, 284

T

Teeth, anomalous; multiple morphologic dental anomalies, 683
canine, double-rooted upper deciduous, 364
maxillary, surgical positioning, 289
children's, injured in athletic and transportation accidents, 422 (B. rev.)
development in idiopathic sexual precocity, congenital adrenocortical hyperplasia, and adrenogenic virilism, 474 (Radio-Abst.)
discoloration in patients with cystic fibrosis of pancreas, 366
double dens in dente in single tooth, 92
endodontically treated, roentgenologic and clinical evaluation, 368
extraction in patient with hemophilia; reconstituted human fibrinogen in treatment of hemophilia, 691
subcutaneous emphysema following, 271
use of Premarin intravenous as hemostatic agent, 434
impacted, retention of, and risk of dentigerous cysts, 296
malformed, in Hurler-Pfaundler syndrome, 453
multirooted; management of vertical bone resorption in periodontal disease, 167
premolar, malposed mandibular, 43 (Roentgeno-Oddities)
of Alaskan Eskimos and Indians, occlusal
Teeth—Cont'd
anomalous tubercles on, 484
removal of permanent and deciduous, in 56 pound lioness, 158
supernumerary canines, 204 (Roentgeno-Oddities)
erupted mesiodens, 133
multiple impacted and erupted, 199
unerupted; cleidocranial dysostosis, 797
third molars, impacted, subjective and objective measurement of responses to surgical removal, 257
mandibular, perforation of lingual alveolar plate in association with, 586
maxillary, retarded development, 44 (Roentgeno-Oddities)
transplantation (*See* Transplantation)
unerupted, as cause of facial pain in edentulous patient, 723
maxillary canines, central incisors, and supernumeraries; radiology in general dental practice, 617 (Radio-Abst.)
second molars, 473 (Roentgeno-Oddities)
Temperature change, effect on sealing properties of temporary filling materials, 771
Temporomandibular joint diseases, diagnosis, 279 (Abst.)
trauma; Chamberlain-Towne projection, 610
Thrombocytopenic patients, oral surgery in, 572
purpura following quinidine therapy, 401
idiopathic, 22
Tongue abnormalities in Hurler-Pfaundler and Pierre-Robin syndromes, 453
lesions in tuberous sclerosis, 395
osteoma, 768
phlebectasia; significance of oral angiomas, 263
Tooth (*See* Teeth)
Transplantation antigenicity of tooth homografts, 389
homologous viable tooth, 375
Tooth Transplant Conference, 559
Triamcinolone acetonide in treatment of papillary hyperplasia, 604
Tubercles, occlusal anomalous, on premolars of Alaskan Eskimos and Indians, 484
Tuberculous lesions of oral mucosa, 735
Tuberous sclerosis with oral manifestations, 395
Tufts University, 276
announces fifteenth annual Berkshire Conference, 420
Tumors (*See also* specific tumors)
Ackerman, of buccal mucosa, 677
brain and face; histologic changes after regional chemotherapy, 823 (Abst.)
mixed, salivary gland type, dehydrogenase activities in, 358
mucoepidermoid; histochemical observation of β-glucuronidase in oral neoplasms, 629
of lower lip, 335

Tumors—Cont'd
odontogenic, classification; ameloblastic fibroma, 477
of carotid body, 80
oral, histochemical observations of succinic, malic, and lactic dehydrogenase in, 352
induced by polyoma virus in mice, 547
parotid gland, 139 (Abst.)
soft tissue, multiple polyposis, exostosis, and, 699 (Abst.)
